

# Did You Know?

The last time residents defeated levy requests for Montana City School the parents of our students who voted represented less than 10% of our total registered voters. Below are the actual numbers:

Out of 2,073 registered voters there were 963 ballots returned

Only 191 ballots were from the parents of children attending Montana City School

Results of school elections have the greatest impact on the students currently attending the school. Therefore it is extremely important that the parents of our students vote in school elections that are typically conducted late April and early May.

If you are not registered to vote in the Montana City School District please fill out the voter registration form available at the main office.
